The Single Central Record: Checklist for Practice (Sept 2022)

The single central record is a record of the pre-employment checks undertaken. The single central record must cover the following people¹:

- for schools, all staff, including teacher trainees on salaried routes, agency and third-party supply staff, even if they work for one day,
- for colleges, details of staff, including agency and supply staff providing education to children under the age of 18, and,
- for independent schools, all members of the proprietor body. In the case of academies and free schools, this means the members and trustees of the academy trust

Recording information on the single central record

The single central record must indicate whether the following checks have been carried out or certificates obtained, and the date on which each check was completed or certificate obtained²:

- an identity check, (identification checking guidelines can be found on the [GOV.UK](https://www.gov.uk) website);
- a barred list check;
- an enhanced DBS check requested/certificate provided;
- a prohibition from teaching check;
- further checks on people who have lived or worked outside the UK (see paragraphs 279-284 of [Keeping Children Safe in Education](#), DfE, 2022);
- a check of professional qualifications, where required; and
- a check to establish the person's right to work in the United Kingdom.

¹ Paragraphs 267-269, [Keeping Children Safe in Education](#), DfE, 2022

² Paragraphs 269-271, [Keeping Children Safe in Education](#), DfE, 2022

- For agency and third-party supply staff, schools and colleges must include whether written confirmation has been received that the employment business supplying the member of supply staff has carried out the relevant checks and obtained the appropriate certificates, the date this confirmation was received and whether details of any enhanced DBS certificate have been provided in respect of the member of staff.

In addition:

- colleges must record whether the person's position involves 'relevant activity', i.e. regularly caring for, training, supervising or being solely in charge of persons aged under 18, and
- independent schools (including academies and free schools) must record details of the section 128 checks undertaken for those in management positions.

The details of an individual should be removed from the single central record once they no longer work at the school or college³.

Schools and colleges are free to record any other non-statutory information they deem relevant⁴.

Retention of Evidence

Schools and colleges do not have to keep copies of DBS certificates in order to fulfil the duty of maintaining the single central record. To help schools and colleges comply with the requirements of the Data Protection Act 2018, when a school or college chooses to retain a copy, there should be a valid reason for doing so and it should not be kept for longer than six months. When the information is destroyed a school or college may keep a record of the fact that vetting was carried out, the result and the recruitment decision taken if they choose to. Copies of DBS certificates and records of criminal information disclosed by the candidate are covered by UK [GDPR/DPA 2018 Article 10⁵](#).

A copy of the other documents used to verify the successful candidate's identity, right to work and required qualifications should be kept on their personnel file⁶.
