

Behaviour Policy 2025 - 2026

Aims of the Policy

The Behaviour Policy emphasises the importance of acknowledging academic, social and emotional progression involving learners, parents and carers to provide a safe, welcoming and inclusive environment. It acknowledges the duties of Bay Academy under the Equalities Act 2010, in respect of safeguarding and in respect of learners with special educational needs (SEN).

This policy is further underpinned by our values and philosophy of care, welfare, safety and security for all which compliments Bay Academy's Trauma Informed Approach to supporting individuals and which forms part of our wider Positive Behaviour strategy.

Bay Academy & TIA

By adopting a holistic approach that assumes underlying trauma to all individuals, Bay Academy aims to:

- Realise and acknowledge the prevalence of trauma and its symptoms
- Recognise how trauma affects individuals and their behaviours
- Respond by putting this knowledge into practice that supports behaviour de-escalation, healing and recovery

Bay Academy & Encouraging Positive Behaviours

Bay Academy's approach incorporates the safe use of reactive strategies alongside proactive primary and secondary preventative approaches.

Bay Academy aims to develop an understanding of the challenging behaviour displayed by an individual based upon knowledge regarding Risk & Protective factors, which is inclusive of that individual, alongside involving the school/ parent/carers/multi-agency support.

This intends to develop and implement an effective and enduring system of behavioural support.

Incorporation of Staff Training

All staff are required to undergo regular training sessions on the following:

- **Trauma-Informed Practices:** To ensure a consistent approach in supporting learners affected by trauma.

- **De-escalation Techniques:** To manage challenging behaviours effectively without resorting to physical intervention.
- **Recording and Reporting Procedures:** To document incidents accurately in line with safeguarding and organisational requirements.
- **Post-Incident Review:** To ensure lessons are learned and strategies are improved after incidents occur.

Staff training will be conducted during induction and updated annually to reflect any changes in policy, legislation, or best practice.

Recording of Incidents

All significant behaviours, positive or negative, are recorded on our internal system.

All negative incidents must be documented promptly and accurately on our internal system. Records will include:

- Date, time, and location of the incident
- Description of the incident, including the behaviour displayed
- Interventions used (e.g., verbal de-escalation)
- Outcomes and any follow-up actions required

These records will be reviewed regularly by senior leadership to identify patterns, evaluate strategies, and ensure compliance with policy.

Post-Incident Review

After a significant behavioural incident, a post-incident review will take place. This process involves:

- **Debriefing with Staff and Learners:** To reflect on the incident and ensure emotional wellbeing.
- **Analysis of Triggers:** Identifying potential causes or patterns to inform future interventions.
- **Policy and Strategy Updates:** Amending individual risk assessment, support plans or the Behaviour Policy as necessary.
- **Parental/Carer Communication:** Engaging consistently with families of our learners.

Post-incident reviews aim to minimise future occurrences and reinforce a culture of learning and support.
